| Sprint:  |  |  |           |                    |                    |
| Expected Result:   | Cart should be <b>empty</b> for the new user; items from another user should <b>not appear</b> .   |  |           |                    |                    |
| Actual Result:   | Cart still shows items added by the previous user.   |  |           |                    |                    |
| Steps to Reproduce:  | <ol style="list-style-type: none"><li>1. Login as standard_user (Password: secret_sauce).</li><li>2. Add any product to the cart.</li><li>3. Logout from the application.</li><li>4. Login as problem_user (Password: secret_sauce).</li><li>5. Navigate to the Cart page.</li><li>6. Observe that the product added by standard_user is still in the cart.</li><li>7.</li></ol> |  |           |                    |                    |
|  |  |  |           |                    |                    |
| <b>Test Data:</b>  |  |  |           |                    |                    |
| <ul style="list-style-type: none"><li>• Usernames: standard_user, problem_user, performance_glitch_user</li><li>• Password: secret_sauce</li></ul> |  |  |           |                    |                    |

Description

Products added to the cart by one user remain visible after logging out and logging in with a different user account
